# JAL SHAKTI MANTRALAYA

## DEPARTMENT OF DRINKING WATER AND SANITATION

### JAL SHAKTI ABHIYAN (JSA)

Launched on July 1st, the JSA is a collaboration towards water conservation in identified 256 water stressed districts covering 1592 blocks, with over 1000 Central Government officials joining States for focused interventions towards India's water security.

### WHAT YOU CAN DO —

Three simple steps for you to take today:

**Trap rainwater:** After collection, the water can be used to water plants, for laundry and many other purposes.

**Install a wastewater system:** Showers, sinks and even ROs only require a small grey water collection system. The collected water can be used outdoors for cleaning the veranda, watering grass, or even washing the car.

**Spread the message:** Share your water conservation efforts and stories on social media, using #JanShakti4JalShakti

### DID YOU KNOW?

Only 8% of all rainwater is collected in India.

Share your efforts now, on: <https://jalshakti-ddws.gov.in/jalshakti/>
